

2026 DISTRICT RATE INCREASE

Curran-Gardner Townships Water District like many other utilities in Illinois is facing rising cost to maintain and improve its water system. Improvements needed include replacing pipelines, looping dead-end water mains, updating water meters, and maintaining water quality to ensure clean, safe, drinking water.

As set forth by Ordinance 59, the District will increase the water rates based on the Social Security Administration cost of living increase plus half of one percent. Therefore, the 2026 rate increase will be 3.30% (percent). This increase will take effect January 1, 2026.

Curran Gardner Townships Public Water District is dedicated to providing reliable water services in a cost-effective manner while protecting our water resources and the public's health.

ALTERNATE WAYS TO PAY YOUR BILL

Checks, credit cards and cash are accepted in the following manners:

ONLINE - Go to currangardner.com select **PAY MY BILL**
